***Under Control of Board of Supervisors.**

†Rate Applies to Real Estate Only.

READ

Your County Officials find it impossible at this time to establish a system whereby the various tax rates may be set out on the tax bill. The enclosed card is therefore submitted instead.

The amount of **County** tax is set out in the upper right corner of the tax bill. This, together with items marked "*" represent the only tax over which the Board of Supervisors have control.

All other amounts are under control of the **local** district or City Boards. To determine the amount of City or District taxes, multiply the valuation (real estate, building and trees) by rate given opposite the District or City.

Rates marked "†" apply to value of real estate **only.**

Items in special assessment column (if any) represent installment payments (not taxes) due on street work, etc., and are amounts fixed by the **City.** For any information regarding same apply to City Street Department.

PLEASE NOTE!

Valuations are fixed by the County Assessor, the County tax rate by the Board of Supervisors, all other rates by the Directors of the various districts. Communication regarding valuations or rates, should be addressed to the above officers, The Tax Collector having no authority in these matters.

In case of property subject to assessment for Street Paving, Sewer Construction, Lighting, Sewer, etc., yearly payments to be made to County Tax Collector, such yearly payment is INCLUDED in tax amount shown on bill. ANY INQUIRY REGARDING THESE ASSESSMENTS, OR ANY OTHER UNDER THE HEAD OF MUNICIPAL SHOULD BE ADDRESSED TO THE CITY STREET DEPARTMENT, as the books supplied to the Tax Collector bear no other information than the amount due for the year.

Property otherwise exempt from taxation, may be subject to assessment for special improvements, such as Street Paving, Ornamental Lights, or other work accruing to the direct benefit of that particular piece of property.

READ

Your County Officials find it impossible, without great expense, to establish a system whereby the various tax rates may be set out on the tax bill. The enclosed card is therefore submitted instead.

The amount of COUNTY tax is set out in the upper right corner of the tax bill. This, together with items marked "*" represent the only tax over which the Board of Supervisors have control.

ALL other amounts are under control of the LOCAL district or City Boards. To determine the amount of City or District taxes, multiply the valuation (real estate, building and trees) by rate given opposite the District or City.

Rates marked "†" apply to value of real estate ONLY.

Items in special assessment column (if any) represent installment payments (not taxes) due on street work, etc., and are amounts fixed by the CITY. For any information regarding same apply to City Street Department.

PLEASE NOTE!

Valuations are fixed by the County Assessor, the County tax rate by the Board of Supervisors, all other rates by the Directors of the various districts. Communication regarding valuations or rates, should be addressed to the above officers, the Tax Collector having no authority in these matters.

In case of property subject to assessment for Street Paving, Sewer Construction, Lighting, Sewer, etc., yearly payments to be made to County Tax Collector, such yearly payment is INCLUDED in tax amount shown on bill. ANY INQUIRY REGARDING THESE ASSESSMENTS, OR ANY OTHER UNDER THE HEAD OF MUNICIPAL, SHOULD BE ADDRESSED TO THE CITY STREET DEPARTMENT, as the books supplied to the Tax Collector bear no other information than the amount due for the year.

Property otherwise exempt from taxation, may be subject to assessment for special improvements, such as Street Paving, Ornamental Lights, or other work accruing to the direct benefit of that particular piece of property.

County Library rate of $ .02 applies to ALL property not in City or other SEPARATE Library Districts.

J. C. LAMB, County Tax Collector,

Hall of Records, Santa Ana, Calif.

READ

Your County Officials find it impossible without great expense, to establish a system whereby the various tax rates may be set out on the tax bill. The enclosed card is therefore submitted instead.

The amount of COUNTY tax is set out in the upper right corner of the tax bill. This, together with items marked "*" represent the only tax over which the Board of Supervisors have control.

ALL other amounts are under the control of the LOCAL district or City Board. To determine the amount of City or District taxes, multiply the valuation (real estate, building and trees) by rate given opposite the District or City.

Rates marked "†" apply to value of real estate ONLY.

Items in special assessment column (if any) represent installment payments (not taxes) due on street work, etc., and are amounts fixed by the CITY. For any information regarding same apply to City Street Department.

PLEASE NOTE!

Valuations are fixed by the County Assessor, the County tax rate by the Board of Supervisors, all other rates by the Directors of the various districts. Communication regarding valuations or rates, should be addressed to the above officers, the Tax Collector having no authority in these matters.

In case of property subject to assessment for Steet Paving, Sewer Construction, Lighting, etc., yearly payments to be made to County Tax Collector, such yearly payment is INCLUDED in tax amount shown on bill. ANY INQUIRY REGARDING THESE ASSESSMENTS, OR ANY OTHER UNDER THE HEAD OF MUNICIPAL, SHOULD BE ADDRESSED TO THE CITY STREET DEPARTMENT, as the books supplied to the Tax Collector bear no other information than the amount due for the year.

Property otherwise exempt from taxation, may be subject to ASSESSMENT for special improvements, such as Street Paving, Ornamental Lights, or other work accruing to the direct benefit of that particular piece of property.

County Library rate applies to ALL property not in City or other SEPARATE Library Districts.

J. C. LAMB, County Tax Collector,
Hall of Records, Santa Ana, Calif.

READ

Your County Officials find it impossible without great expense, to establish a system whereby the various tax rates may be set out on the tax bill. The enclosed card is therefore submitted instead.

Items marked "*" represent the only tax over which the Board of Supervisors have control. ALL other amounts are under the control of the LOCAL District or City Board. To determine the amount of City or District taxes, multiply the valuation (real estate, building and trees) by rate given opposite the District or City.

Rates marked "†" apply to value of real estate ONLY.

Items in special assessment column (if any) represent installment payments (not taxes) due on street work, etc., and are amounts fixed by the CITY. For any information regarding same apply to City Street Department.

PLEASE NOTE!

Valuations are fixed by the County Assessor, the County tax rate by the Board of Supervisors, all other rates by the Directors of the various districts. Communications regarding valuations or rates, should be addressed to the above officers, the Tax Collector having no authority in these matters.

In case of property subject to assessment for Street Paving, Sewer Construction, Lighting, etc., yearly payments to be made to County Tax Collector, such yearly payment is INCLUDED in tax amount shown on bill. ANY INQUIRY REGARDING THESE ASSESSMENTS, OR ANY OTHER UNDER THE HEAD OF MUNICIPAL, SHOULD BE ADDRESSED TO THE CITY STREET DEPARTMENT, as the books supplied to the Tax Collector bear no other information than the amount due for the year.

Property otherwise exempt from taxation, may be subject to ASSESSMENT for special improvements, such as Street Paving, Ornamental Lights, or other work accruing to the direct benefit of that particular piece of property.

County Library rate applies to ALL property not in City or other SEPARATE Library Districts.

DON S. MOZLEY, County Tax Collector,
Hall of Records, Santa Ana, California.

† Rate Applies to Real Estate Only

READ

Your County Officials find it impossible without great expense to establish a system whereby the various tax rates may be set out on the tax bill. The enclosed card is therefore submitted instead.

To determine the amount of City or District taxes multiply the valuation (real estate, building and trees) by the rate given opposite the District.

Rates marked "†" apply to value of real estate ONLY.

Items in special assessment column (if any) represent installment payments (not taxes) due on street work, etc., and are amounts fixed by the CITY. For any information regarding same apply to City Street Department.

PLEASE NOTE!

Valuations are fixed by the County Assessor, the County tax rate by the Board of Supervisors, all other rates by the Directors of the various districts. Communications regarding valuations or rates, should be addressed to the above officers, the Tax Collector having no authority in these matters.

In case of property subject to assessment for Street Paving, Sewer Construction, Lighting, etc., yearly payments to be made to County Tax Collector, such yearly payment is INCLUDED in tax amount shown on bill. ANY INQUIRY REGARDING THESE ASSESSMENTS, OR ANY OTHER UNDER THE HEAD OF MUNICIPAL, SHOULD BE ADDRESSED TO THE CITY STREET DEPARTMENT, as the books supplied to the Tax Collector bear no other information than the amount due for the year.

Property otherwise exempt from taxation, may be subject to ASSESSMENT for special improvements, such as Street Paving, Ornamental Lights, or other work accruing to the direct benefit of that particular piece of property.

County Library rate applies to ALL property not in City or other SEPARATE Library Districts.

DON S. MOZLEY, County Tax Collector,
Hall of Records, Santa Ana, California.
